

HENLEY COMMUNITY CENTRE CHARITY

This year has seen us start and complete our enhancement project. In addition to the main hall lighting, water softener and fencing, the heating manifolds have all been replaced and the system flushed out which should further save our heating bills. The kitchen cooker and hood have been replaced and external storage is now in place.

We have also had the corridors, reception area, toilets and Boughton room redecorated. The total cost was in excess of £20,000 of which we are pleased to report most of which has been received from external funders and we would like to thank those, being: Cllr John Field, Mid Suffolk DC and Suffolk CC.

Without these funders, our reserves would have been seriously depleted or the important work would not have been completed.

We would like to thank Rosy Fox who retired in July 2015 for all her hard work and commitment to the Centre over many years and officially welcomed Doreen Harvey as our new caretaker. We also have a part time gardener and 2 part time cleaners (covering for Carly who is on maternity leave).

Finally, on behalf of the Trustees may we thank the staff and volunteers who continue to contribute so much to the day to day running of our community centre.

Anyone wishing to join the Trustees, please contact Keith Lawrance on 831432 as we would welcome new members from the community.
