

## **2015**

- January Usual meeting with bingo and dominoes.
- February Gerry Baxter came dressed in his regalia to give us a very interesting and full account of the Pearly Kings and Queens.
- March Once again was the usual format.
- April Gary Symonds came with the Travelling Community Caravan and gave a talk on the insight of their project. They travel around the countryside to different villages and set up coffee mornings for those people who especially live alone, giving as much information as possible of various activities available to them.

We have had two members cancelled their memberships during the year due to personal reasons but are pleased to report that we also had two New Members, so our numbers still remain at 26 members.
